- **Item Nbr 8504052**
Type K Donut Depositor with 1" plunger, for mini donuts
- **Item Nbr K-1016WSS**
Holder for Type K

FEATURES

Belshaw's Type K Donut Depositor is ideal for creating perfectly formed cake donuts. The Type K is quick and easy to use and provides accurate portion control at a variety of sizes with a single plunger.

- Belshaw's Type K depositors are designed to be mastered by the novice in minutes. Operation is easily accomplished with minimal waste, and consistent deposits are easily delivered time after time.
- The Type K provides 6 volume settings located on the handle. Typical weight range is from 1.2 - 1.8 oz (34 - 50g). A consistently shaped product is delivered time after time.
- The hopper holds 5.5 lbs of batter (2.5 kg), allowing approximately 58 deposits of 1½ oz (43g). Each hopper is constructed of aluminum to reduce weight. Each plunger and built-in cylinder is constructed of stainless steel to assure durability. The entire unit is corrosion resistant and easy to clean.
- Two plungers are available, a 1-9/16" plunger for standard size donuts and a 1" plunger for mini donuts. In addition the Donut Depositor accepts Belshaw plunger attachments to a plain plunger. These attachments divide the donut deposit into 2, 3 or 4 pieces (as shown on following page)
- The Type K Donut Dispenser is certified to NSF-169.

ACCESSORIES

- Item #K-1016WSS: Type K Stand. The stainless steel Type K Stand is simple, easy to keep clean, and helps keep your pancake dispenser safe from damage.
- Item #K-1011S: Star Plunger (1-9/16" diameter). Produces a well rounded Ring Donut with a star shape in the center. (See following page)
- Dunkerette, Nugget or Ball attachments: economical attachments that slide onto a plain or star plunger, to make smaller donuts. (See following page)
