## **Notice of Right to Opt-Out of the Selling and Sharing of Your Information**

Depending on the state where you reside, you may have the right to tell us NOT to sell or share your personal information. You have the full and free right to opt-out of our disclosure of your personal information to any third parties where the disclosure constitutes "selling" or "sharing" as defines by specific state laws. You may exercise your right to opt-out without fear of discrimination for doing so. To opt-out of our selling and sharing of your information, meaning we will not disclose your information to third parties for any monetary or other valuable consideration, you can do any of the following: Click **HERE** to be taken to an online opt-out submission form. Visit our website at: [<https://www.belshaw.com>].

- You can use a Global Privacy Controls (GPC) signal. Welbilt will process opt-out preferences from GPC signals, which are in formats commonly used and recognized by businesses, such as an HTTP field header, as requests to opt-out of sale or sharing. The GPC signal opt-out will only apply to the browser you are using on your device; it will not apply to other browsers and/or devices to which GPCs are not activated or to offline sales.
- If you are unable to submit an opt-out through any of the above methods, please call our toll-free privacy line at **[800.578.2547]** for assistance and a representative will assist in meeting your needs.

You can have an authorized agent submit a request on your behalf. To submit an opt-out through use of an authorized agent, you must provide that agent with written permission signed by you to submit an opt-out on your behalf, except when using an opt-out preference signal. The authorized agent may call our toll-free privacy line at **[800.578.2547]** to make the opt-out request and for directions for submitting the proof of authorization and the authorized agent's proof of identification to the Company. We maintain the right to deny any request from an authorized agent that does not submit sufficient proof that they have been authorized by you to act on your behalf.

A request to opt-out need not be a verifiable consumer request. However, we may deny a request to opt-out if we have a good faith, reasonable, and documented belief that a request to opt-out is fraudulent. If we deny your request to opt-out, we shall inform you of our decision not to comply and provide an explanation as to why we believe the request is fraudulent.

## **Opt-Out Preference Signals**

Opt-out preference signals provide consumers with a simple and easy-to-use method by which to exercise the right to opt-out of the selling and sharing of their information. Global Privacy Controls (GPC) or Universal Opt-Out Mechanism (UOOM) are user-enabled opt-out preference signals which can communicate a user's "Do Not Sell or Share" request on behalf of the person or device. We will process opt-out preferences from GPC and UOOM signals which are in formats commonly used and recognized by businesses, such as an HTTP field header. We will treat a consumer's use of GPCs or UOOMs as a valid request to opt-out of the selling and sharing of information for that browser. We currently do not connect browser use to particular consumers and, as such, you will need to use GPCs or UOOMs on all browsers in which you access our website and use our opt-out form to opt-out of offline sales.

Do Not Track (DNT) is a privacy preference that users can set if they do not want web services to collect information about their online activity. We do not respond to DNT signals or other mechanisms (with the exception of GPCs and UOOMs) that provide a choice regarding the collection of personal information about activities over time and across different websites or online services. We encourage users who have DNTs to use GPCs or UOOMs.
